Wolverines Lose First Game In Carson Conflict

Winnemucca Next On List As Local Team Drops Contest

The Tahoe-Truckee Wolverines were dropped from the ranks of the undefeated last Friday night as they absorbed a 41 to 0 loss to the tough Carson City Senators. The Senators, undefeated in four starts this season and preseason favorites to take the "A" Division crown, score six times during the one-sided contest.

Carson, with hard-running Tom Pardini, tailback George Allison and end Ernie Johnson doing the work, ran up a 28-0 half-time count. The Carson first string was in again during the third period of play to run the score to 41 to 0.

The Wolverines only serious threat came in the final period as Bob Sanford slipped off left tackle for 20 yards, carrying into Carson territory. But an intercepted pass at the goal line stopped the march and left the Wolverines scoreless.

The Senators showed terrific running behind excellent blocking and proved to be the finest club the Wolverines have ever met in their four years of competitive football. Next season they move up into "AA" competition along with Yerington, Sparks, Hawthorne and Elko.

The Wolverines, now almost fully recovered from hampering injuries, travel to Winnemucca this Friday night to take on the Buckaroos of Humboldt County High School. Tahoe-Truckee will be shooting everything to get back into the win column and remain in the conference race. Coaches Jim Brehler and Dan Holub will take a 33-man squad to Winnemucca, leaving early Friday morning and returning that night following the all-important Western Nevada Conference battle.

Dr. Kase Figures In Ocean Rescue

Dr. Sidney Kase of Truckee, currently serving aboard the Transport U.S.S. Gaffey as medical officer during his enlistment in the U.S. Navy, played an important part in an international story enacted upon the high seas a week ago.

Headlines heralded the story of Mrs. Joyce Prisch of Honolulu who was critically injured in a fall while cruising on the Schooner Manuiwa, somewhere in mid-Pacific, and told of the heroic rescue by a navy ship. This week the Gaffey docked at San Francisco bringing the injured Mrs. Prisch who was under treatment by Dr. Kase who took part in the rescue.

As reported in the Gaffey Gazette, the ship's newspaper, the Gaffey received a dispatch ordering her to rendezvous with the Manuiwa, advising that a member of the crew was critically hurt and that medical attention was urgent.

That night, October 6, the schooner was sighted and a boat containing Dr. Kase, a medical corpsman and five crew members, was lowered and despite a rough sea went a mile to the Manuiwa where the doctor was taken on board, administered first treatment, and with the aid of a Stoke's litter, took the injured Mrs. Prisch back to the Gaffey.

By the time the Gaffey docked at San Francisco Mrs. Prisch was out of danger. Scores of newsmen and photographers met the ship and despite the fact that there were some VIP persons aboard, all attention was turned to the ship's crew and particularly Dr. Kase and the rescue party for their heroic act.

Huge photographs of the rescue were taken and published in the coast area newspapers.

Dr. Kase and his family are making their home in San Francisco while he completes his cruise, but they plan to return here early next year.

Reunion After 31 Years Enjoyed By Sisters Here

A reunion with her sister after 31 years made the October 3 birth date of Mrs. E. A. Parker a happy one.

Mr. and Mrs. Frank Kempinger of Wisconsin arrived on that date at the home of Mr. and Mrs. Parker, greatly surprising their local relatives.

Grass Valley Man Dies

Apparently the victim of a heart attack, Harter Seymour, 66, a native and life-long resident of Grass Valley, died in a hunting camp in the Sierraville district Wednesday at 3 p. m. The Truckee Colonial Mortuary took charge of the body which was taken to Grass Valley. Seymour leaves a sister, Mrs. Nettie Meyers of Grass Valley.

Emerald Bridge Is Again Subject Of Highway Group

The controversial issue of a low level Route 89 highway bridge across the mouth of Emerald Bay mas reopened as members of the state legislature joint interim committee on highways ended a two-day hearing at Marysville.

Resort operators and supervisors from El Dorado cunty asked the committee's consideration of the proposed low level crossing as a boon to residents, resort owners and to persons who will attend the 1960 Olympic Games in this area.

Cost of the project, which would include six or seven miles has been estimated at $3,000,000 and has been opposed by the state division of beaches and parks, which controls lands needed for approaches of the proposed span.

Proponents of the crossing point out that the year around residents must travel around the lake to reach US 40 in the winter, a distance of 80 or 90 miles and that under most favorable conditions the present road is dangerous.

Masons Hold Big Homecoming Fete

Nearly 100 members of Truckee Lodge No. 200, F&AM Saturday night participated in the first homecoming celebration at the Masonic Hall in Truckee.

Guy W. Brundage of Auburn, past master of the lodge and past patron of the Eastern Star, was the principal speaker. The program followed a sumptuous dinner prepared and served by the women of the Eastern Star.

Past Master Dan Anderson presented more than 30 pins to members who have been associated with the lodge for 25, 30, 35, 40 and 50 years, Herbert Rowe, now of Graeagle, being the only member in the latter category.

Especially honored at the meeting were J. F. Adolph of San Francisco, the oldest living member of the lodge, and C. B. White of Truckee, a 52-year member. John Gordon of Chicago came the greatest distance to attend the session and others present included J. H. Saunders and Thomas Crowford of Sacramento and W. F. Wilkie of Stockton.

The session was presided over by Thomas Lucas, master of the local lodge and it was pronounced one of the most eventful and successful for some time. A number of members now living in distant cities sent messages.

Friendship Keynote Of Wyethia's Smorgasbord

Proceeds and donations from the smorgasbord held by the Wyethia Club last Friday swelled the fund for the Tahoe Forest Hospital equipment by $134, the tidy sum to be used to buy needed equipment.

The spirit of friendship prevailed throughout the enjoyable evening and the theme was carried out by solos sung by Jack McGlade who was accompanied at the piano by Mrs. George Kamp.

Mrs. Jack Wolert and Mrs. Henry Loehr led the community songfest with the piano, mandolin and banjo.

The affair was voted a successful one both financially and socially by the large group.

Mrs. Charles Heller presided at the short business session.

Squaw Valley Trip Is Delayed To December

The Squaw Valley "Peek-a-Boo" trip, arranged by the Placer County Olympic Publicity Committee and set for Saturday and Sunday this week, has been postponed until December 3 and 4, according to an announcement by Bill Cassidy, chairman.

SHOT IN LEG

Harold Boomer, 54, North Sacramento was shot in the right leg near the knee Suday when a gun being loaded by his wife, Alice, accidentally discharged. The injury was treated by Dr. L. D. Nelson and the patient went home.

Olympics Group Not Alarmed By Official's Report

Hard Work Ahead, Says International Olympic President

Officials arranging for the 1960 Winter Olympic Games for Squaw Valley were somewhat dismayed and disappointed, but not discouraged by a statement credited to Avery Brundage, president of the International Olympics Committee in which he warned of the tremendous task ahead and added that he would not be "lenient or lackadaisical in judging Squaw Valley's qualifications at the January meeting" of his committee in Italy.

Alex Cushing, manager of Squaw Valley and one of the leaders in the drive to arrange the games, could not be reached for a statement this morning, but indicated earlier that he was surprised that Brundage would voice such a feeling as he did without first getting more information.

The California Olympics Commission has at its disposal $1,000,000 to get the program under way with assurances that this sum will be expanded as needs arise. Already initial surveys have been authorized and there is every indication that the work demanded to provide for the games will be completed well in advance of the date set.

Brundage has announced that at a January meeting of the IOC in Cortina, Italy, the committee will want to know who is going to do the Squaw Valley job and where the money is coming from.

Asked if that meant the games might be taken away from Squaw Valley at the January meeting, Brundage warned, "It may mean that by January Squaw Valley will be ready to give them up."

Asked "How did Squaw Valley swing the bid?" Brundage replied: "It was an accident, almost a miracle. Call it good salesmanship by Alex Cushing and the State of California.

"I must say that I, for one, will not be lenient or lackadaisical in judging Squaw Valley's qualifications at the January meeting. We don't want the Australia bickering repeated."

Annual Buck Stew Is Marked Success

A crowd estimated in excess of 1000 Sunday turned out for the crowning event in the year's program for the Truckee Outdoor Sportsmen—the big buck stew.

Highlighting the program was the crowning of Miss Evelyn Stinchfield as this year's queen. The ceremony was conducted by Jack Waggoner, the Sportsmen's president. Waggoner also presided at the awarding of the 100 prizes donated by Truckee merchants, with the 3006 automatic rifle, offered by the Sportsmen, going to Jack Pistoia of Truckee. Other prizes were divided among the huge throng which filled the plaza near the S. P. Depot.

Charles Osburn, who headed this year's committee, said the innovation of the queen contest added considerable interest to the affair and that feature will become a permanent one in the annual event.

Earl Brown presided at the serving tables where the vast quantities of delicious stew were laddled out to everyone attending. The stew was prepared as usual by Johnny and Julia Ciardella and was pronounced a huge success.

Among the visitors from out of town was State Senator Harold Johnson of Roseville.

PREACH AT TAHOE

TAHOE CITY—Rev. A. V. Thurman, pastor of the Fist Methodist Church at Reno, will preach at the Tahoe Community Center Sunday morning at 9:15. Sunday school will follow at 10. The public is invited to the services.

PTA MEETING

A meeting of the high school Parents and Teachers Association will be held at the high school tonight at 8 o'clock and all members and prospective members are urged to attend.

SUNBEAMS

By WALTER M. BARRETT

A big bouquet this week to officers and committeemen who so capably handled the annual buck stew, sponsored by the Truckee Outdoor Sportsmen. This affair annually marks the conclusion of an active year for the sportsmen and the program Sunday certainly exemplified the desire of the club to say thanks for the cooperation it has received from the community during the past year. Continued support of the Truckee Outdoor Sportsmen will surely pay big dividends and an ever-increasing membership is expected.

* * *

The outstanding gain in the financial affairs of the Tahoe Forest Hospital during the past fiscal year reflects most creditably upon the administration and management of the institution. With the average occupancy showing only a one per cent gain, the net loss from operation dropped from more than $16,000 to a little more than $3000. This was accomplished in the fact of rising costs and took into consideration the fact that $14,000 in bad debts was charged off instead of being carried on the books. The record is one which should please everyone in the district, and the management may well be proud of the accomplishment. No sacrifice of service, which has brought credit to the hospital, was made in the saving.

Efforts To Save S. P. Hotel Here Fail As Buddles Go To Sacto

Last minute efforts by the Truckee Chamber of Commerce to have the Southern Pacific Company reverse its decision to demolish their hotel here—at least until after the 1960 Olympics—failed. A telegram in reply to the local request came from D. J. Russell, the company's president, advising that it is too late to alter the decision.

In the meantime, Robert J. Buddle, the hotel manager for the past 20 years, has closed the establishment with orders to remain here only until the wreckers arrive to start the demolition. Mrs. Buddle has gone to Sacramento where she is preparing their new home.

PHONE STRIKE HERE IS NO HANDICAP

Strike of Pacific Telephone workers in the Truckee, Lake Tahoe area has not materially affected the service, and while there may be some minor delays in transmitting long distant calls, no difficulties are expected.

Manager Charles Berlenbach said every effort to maintain uninterrupted service will be taken and that he anticipates no trouble.

The picket line established at the Truckee office Monday morning was maintained for only a few minutes.

Albees Have Son

Mr. and Mrs. Norman Albee of Truckee are the proud parents of Mark Lawrence Albee, six pounds, 15 ounces, who arrived at the Tahoe Forest Hospital Thursday, October 6 at 1 p.m. Dr. L. D. Nelson was the attending physician.

Born at Hospital

Samuel Markwood Lohr, son of Mr. and Mrs. Markwood Lohr of Squaw Valley, arrived at the Tahoe Forest Hospital at 11:26 p.m. Tuesday, October 4, weighing six pounds, seven ounces. Dr. L. D. Nelson attended.

Son Is Born

Mr. and Mrs. Walter Stabler of Norden are parents of a baby son, Thomas Robert, born at the Tahoe Forest Hospital Sunday, October 9, at 9:30 a.m. Thomas weighed six pounds at birth. Dr. L. D. Nelson was the atttending physician.

Drive Continues To Secure Local Major Airport

South Tahoe Site Approved As Locals Seek Survey Here

Renewed efforts by local agencies, sparked by the Truckee Chamber of Commerce, were taken this week as hopes for obtaining a new airport for the Truckee district suffered a setback.

Following his request to the Civil Aeronautics Authority for a survey of this area in anticipation of an airport to serve this entire region and particularly the forthcoming 1960 Winter Olympic Games, Congressman Clair Engle of Red Bluff is in receipt of a letter which temporarily dampened local hopes.

The letter from J. S. Marriott, regional administrator for California, indicated that several sites have been investigated on the ground and that "the only suitable site found for the operation of air carried aircraft was at the south end of Lake Tahoe between the towns of Al Tahoe and Meyers in Lake Valley."

The letter went on to say that "there are possibly other sites which could be developed to accommodate smaller aircraft than a DC-3; however, El Dorado County was particularly concerned with scheduled operations. An airport to serve this type of operation would require a runway approximately 7500 feet long at this elevation. The sites have therefore, been limited to the one site mentioned above."

The letter further declared that El Dorado County officials have announced they are in a position to raise approximately $150,000 for the development of an airport.

Local agencies, with the cooperation of Engle, are making every effort to have the local survey made, and are attempting to secure the assistance of others for development of a site southeast of Truckee, which, they say, provides more than enough area for the proposed field and which is close to the site of the proposed Olympics.

Luke Sassarini Pioneer, Expires

Last rites for Lucca Sassarini, 76, a resident of Truckee for more than half a century, were held at the Catholic Church Monday morning with Father Ronan Brennan officiating. Rosary was held at the Truckee Colonial Mortuary Sunday evening.

Sassarini, a native of Italy, born at Genoa in 1880, expired at a Neveda City hospital Thursday night following a long illness.

At the age of 16, Sassarini came to Truckee in 1896. He was employed in various local industries for a time and later operated a grocery store here for a number of years prior to his retirement. In 1915, the deceased with seven other local men enlisted in the Italian army and went overseas during World War I. It was while in the service overseas that he met and married his surviving wife, Mary.

He returned to the United States and Truckee in 1919.

Besides his wife, the deceased is survived by two sons, Nick of Truckee and August of Roseville.

His many friends deeply regret the passing of the well known man and extend sympathy to his family.

LODI PHYSICIAN SUCCUMBS HERE

Dr. Arthur E. Boehmer, 65, prominent Lodi physician, who suffered a stroke at his Lake Tahoe summer home a week before, expired here Friday morning. The body was taken to Lodi for funeral services and interment by the Truckee Colonial Mortuary.

His wife, Florence, who was with him here, survives.

From Bay—

Mr. and Mrs. J. J. Farrar of Novato accompanied J. Adolph of San Francisco to the meeting of F&AM Lodge last Saturday.

Frank B. Gregory

The Rotary Club of Truckee will be host October 17 to Judge Frank B. Gregory of Carson City, governor of the 164th District of Rotary International, who is making his annual official visit to each of the 41 Rotary Clubs in the Cal-Vada District.

State Again Sets Fees For Piers In Lake Tahoe Area

The state lands commission has adopted a schedule of rental fees ranging from $5 to $100 a year for pleasure and commercial piers at Lake Tahoe.

The schedule also will apply to piers on streams, lakes and coastal areas throughout the state under the jurisdiction of the commission.

"We'll have some squabbles," said Rufus N. Putnam, executive officer of the commission.

"The resort and recreation people want the piers for free."

"We'll face them when they occur," remarked John M. Peirce, state director of finance and member of the commission.

The action climaxes a controversy of more than a year over the state's proposal to charge Lake Tahoe owners for the right to use their piers.

Last December the commission postponed adoption of a fee schedule, pending a move by the recreational interests for legislative relief.

This year a bill exempting owners from such fees was passed by the legislature. Recently the attorney general ruled the legislation does not apply to commercial operation or to resorts.

Only owners of private pleasure piers are exempt, but must pay $5 for a 10 year permit.

The commission said all of the estimated 200 pier owners at the lake must pay the $5 permit. About 160 private piers will be exempt from further charges. The annual charge ranging up to $100 depending on appraised value of the pier will be levied against about 20 resorts and 20 commercial piers.

Films Feature Of PTA Meeting Held Monday

Mrs. Ray Hintz conducted the meeting of the Truckee Elementary School Parents and Teachers Association Monday evening, which was attended by 42 members.

Films on conduct and behavior in the school and home were shown and Mrs. Helen Trask was heard in several pleasing piano selections.

The third grade, taught by Mrs. George Tiffee, was given the attendance award. Refreshments were served during the social hour.

Alex Cushing of Squaw Valley is scheduled to speak before the group at their next regular meeting, November 14.

DOUBLE TROUBLE FOR WOMAN DRIVER

Elizabeth L. Powell, 42, Lake Providence, La., who was arrested near Colfax on a drunk driving charge and fined $250, was picked up a short time later by Patrolman Carroll Maynard in Truckee on a bench warrant from the Colfax court.

It appears, the officer reported, that the woman paid her fine at Colfax with a check which was not covered by sufficient funds.

Hospital Report Shows Marked Gain During Year

Remarkable Improvement In Year Revealed In Annual Report

The net loss from operations of the Tahoe Forest Hospital during the fiscal year ended June 30, 1955, was only $3,585.29 as compared to the previous year's loss of $16,763.47. This remarkable gain was registered despite the fact that the average occupancy of the hospital was only 1 per cent higher during the past fiscal year than the one preceeding.

These figures, indicating a marked improvement in the financial status of the local institution, were revealed in the annual report prepared by Harry M. Straine and Sons of Sacramento, certified public accountants.

Anticipated local patronage in the hospital facilities are expected to result in continued gains, Administrator John J. McGlade said, in announcing the results of the audit.

The deficit account represented the accumulated net losses from operations of the hospital from its inception. The net losses for the past two years are set out below for comparison.

Balance, June 30, 1953—$12,788.32.

Net operating loss for the year ended June 30, 1954—$16,763.17.

Net operating loss for the year ended June 30, 1955—$3,585.29.

Balance, June 30, 1955—$33,136.78.

The average percentage of occupancy for the year ended June 30, 1954 was 42 per cent. The average percentage of occupancy for the year ended June 30, 1955 was 43 per cent, or an increase of 1 per cent, McGlade said.

This improvement in the operation of the hospital was made in the face of increasing costs down the line. Some of the factors responsible for the improvement were internal reorganization, better measures of controls carried out through all departments, and the excellent cooperation from the members of the hospital staff in carrying out the new methods and policies. The inventory investment was substantially reduced by carrying only a 30-day working inventory on supplies and materials.

The auditors further commented that in determining the net loss for the year ended June 30, 1955, in the amount of $3,585.29 it should be noted that the bad debt expense shown for the year was $18,079.64 as compared wth the preceding year's $3,435.74 or an increase of $14,643.90. In view of the large difference between the two years it appears as though the prior year bad debt expense should have been increased materially by increasing the reserve for bad debts.

Gross income from hospital operations was $126,926.12 as compared with the prior year's $103,736.27, or an increase of $23,189.85. Total operating expenses including interest was $153,198.07 as compared with the prior year's $135,191.40 or an increase of $18,006.67.

OPEN HOUSE AT SMART'S SATURDAY

After ironing out minor rough spots in the big new restaurant and cocktail lounge at the Truckee-Tahoe Wye, Reg Smart is issuing invitations to everyone to attend the open house festivities there Saturday evening starting at 9 o'clock.

The evening will be featured by a buffet, a tour of the establishment and a general get-acquainted with Smart and Eddie Sardi officiating as hosts.

Films Of 49ers Shown At Rotary Club Meet

Don Hollis, assistant coach at the Tahoe-Truckee High School, was guest speaker at the weekly meeting of the Truckee Rotary Club Monday night. He presented a movie featuring various games of the San Francisco 49ers football games.

The club is currently making plans for the forthcoming Halloween and Christmas seasons.

District Governor Frank B. Gregory will make his official visit to the club next Monday.

Daughter Born

Mr. and Mrs. John M. Patterson are the proud parents of a daughter who arrived at Tahoe Forest Hospital on September 29. Janet Lee weighed one ounce over 7 pounds at birth. Dr. Ben King was the attending physician.

Fresno Guests—

Fresno guests during the weekend at the home of Mr. and Mrs. Leslie Grow were Mr. and Mrs. Manley Haltom and children, Nolan and Marie and Marc Bishop.

AFFAIRS OF STATE
by Henry C. MacArthur

SACRAMENTO (CNS)—Dedication of the state's new Department of Employment building, located on the Capitol Mall in Sacramento, a structure which covers nearly two square blocks and costs some $7,000,000, renews a question in state financing that has been booted about for some time.

This is the reluctance of state officials to secure private financing for state buildings, on an amortization basis through rentals, which would result in ultimate ownership of the property by the state.

The new Department of Employment building is being financed in this manner, albeit the capital is public instead of private. Funds from the state's disability insurance money, all of which is contributed by workers, are being "loaned" to the state, and the seven million dollars, plus interest, will be repaid through rentals furnished by the federal government.

If the state's disability insurance fund has sufficient resources to warrant "loaning" seven million dollars to the State of California, it signifies one of two things, either the fund is taking too much money out of the pockets of the working man and woman, or it is not paying enough disability insurance benefits.

In 1954, the disability insurance fund took in more than six million dollars more than it paid out in benefits. This in itself was almost enough money to finance the new two city block building for the state.

But actually, there is in the fund at the present time more than $143 million dollars, plus another 123 million dollars cached away in the federal unemployment insurance fund, which is adjudged a worker contribution paid into that fund prior to the time the state legislature decreed that all worker contributions should go into disability, instead of unemployment insurance.

Thus, the disability fund has on tap more than $266 million dollars, so a loan of seven million is, comparatively speaking, mere peanuts.

In addition to this, the fund took in $40 million this year, up to the end of August, and according to the department of employment report, expended nearly $33 million. Obviously, some surplus is necessary in an insurance operation of this kind.

Several years ago, an insurance concern proposed to the state that it erect buildings with private capital, its own capital, in fact, lease the buildings to the state, and at the end of the amortization period, the building would belong to the state. So far, no buildings have been constructed under this proposition. Yet throughout California, the department of employment is financing building, of lesser cost of course than the Sacramento headquarters, with the disability insurance funds.

Acceptance of private capital for state construction would not only solve numerous problems for the state itself, but in addition, would put private money to work, and in the long run, probably would cost less than financing a bond issue. It is generally conceded that a private construction costs less than building by the state, a precedure which is complicated by extensive red tape.

The major issue, however, is whether or not the working people who pay the disability tax should have that tax lowered, or receive more in benefits. It is not the history of government, however, to lower taxes once they have been established.

GETS APPOINTMENT

SACRAMENTO (CNS)—Appointment of Edward M. Loftus, Los Angeles, to the state real estate board was announced by Gov. Goodwin J. Knight. Loftus will serve a term ending January 15, 1956, succeeding Leland P. Reeder, Bereverly Hills, deceased.

PATRONIZE LOCAL MERCHANTS

SLOW DRIVERS ARE BLAMED FOR AUTO WRECKS ON ROADS

Slow driving and failing to drive in the proper lane are two hazardous practices that are becoming more frequent on California streets and highways according to information released by the California Highway Patrol.

"An increasing number of drivers are using passing lanes as driving lanes on our multiple lane roadways," declared Deputy Commissioner R. R. McDonald. "This is contrary to the law requiring motorists to drive in the lane nearest the right shoulder or curb except when passing or preparing to make a left turn."

"Another errant driver is he who drives slower than the normal speed of traffic, holding back those who are desirous of driving at or near the legal speed," McDonald said. "This is always very dangerous as well as illegal on any highway at any time.

Although the driver of the slower moving vehicle is seldom directly involved in an accident, he is the main contributing cause of many serious accidents. The best policy for all drivers is to drive right and keep right, moving with the normal speed of traffic making use of the left lanes only for passing or when preparing to make a left turn."

The San Francisco Hall, built of granite in the French Renaissance style, dominates the Civic Center.

Legal Notice

NOTICE OF SALE OF PROPERTY DEEDED TO THE STATE FOR DELINQUENT TAXES

Date September 22nd, 1955

Whereas, I was on the 12th day of September, 1955, directed by the Board of Supervisors of Nevada County, State of California, and there was received by me and filed in my office an authorization of the State Controller (dated September 15th, 1955) to sell at public auction, for cash in lawful money of the United States, certain tax deeded property, public notice is hereby given that unless the said property is redeemed or an installment plan of redemption is initiated, as provided by law, I will on the 24th day of October, 1955, at the hour of 2 o'clock P.M. in the Tax Collector's Office in the Court House of the County of Nevada, in the City of Nevada, sell as directed the said property for a sum not less than the minimum price or prices set forth in this notice.

The parcel or parcels of property that are the subject of this notice are situated in the County of Nevada, State of California, and are described as follows:

(Description)

In Donner Lake Co's Lakeview Subd. Lot 4 Blk 8

Last assessee: Mark P. and Sally Geirrine.

Minimum Price $105.00:

If redemption of the property or the initiation of an installment plan of redemption is not made according to law before the first bid is received, the right of redemption will cease.

NORTH TAHOE

By JUDGE HARRY CHARRISON

Bright Spot

Well, what good news this is. Our old friend, Joby Lewis, will open up his Monte Carlo at Crystal Bay this Saturday, October 15. This is a real surprise and is brought on by popular demand. Three weeks ago, Joby closed after giving the local resort owners a real banquet in the shape of cocktails and buffet. So now let's all show him our appreciation by putting in an appearance on Saturday and welcome him back.

Young Artists

The Lake Tahoe Lions—providing the cooperation of the business houses is forthcoming—are about to sponsor a window decorating contest for the youngsters of the community on Halloween night. Raymond Bessi, principal of the elementary school, Kings Beach, who was a visitor at the club meeting last week, will assist the children in how, when, and where to perform the intesting task. There will be prizes for the best decorations which will be drawn on the windows with a chalk that is easily removed. Besides being interesting to the kids it will tend to greatly eliminate the distasteful marking windows with soap as is usually the case. It will be interesting to the grown-ups to see these artists work. President Jack Felte presided at the meeting, which was held at the Crystal Bay Club.

Changes

The stores that were at the west end of Ta-Neva-Ho, Crystal Bay, are now a thing of the past, as workmen have been busy tearing that section of the building apart. It will be interesting to see what will develop in its place.

Stitches

Master Harvey Klitzke had the misfortune to ride down the golf course a few days ago and did not notice that barb wire had been placed across the gateway, knocking him off his bike and cutting his forehead necessitating five sitches. But you couldn't keep him from school as he was back next day. Nice birthday, says Harvey.

Beautiful

Here we are again,, autumn's beautiful colors are to be seen all around us. The Truckee short cut, as usual, has a mass of red and gold leaves. We can truthfully say this is a picture no artist can paint. No wonder this is called a wonderland.

New Car

I see Andy of Monte Carlo Lodge has a brand new Olds. In fact Joby Lewis, Dick Lavery and myself had a trip to Reno with him last week. On the way back we stopped in to see Jim Jeffries who was at the Christmas Tree for a long time, but now has the Snow Shoe on Mt. Rose. He tells us he is contemplating enlarging the inn by several hundred feet. Jim also lived in Kings Beach and was with Joby for a while.

Visitors

Had Mrs. Fred D. Humiston and Mrs. Fred D. Hatfield on a visit this week. Mrs. Humiston is from Exeter, Calif., and requested the Sierra Sun be mailed to her as she wants to keep up with the doings of this area. Mrs. Hatfield is from Los Angeles. Nice to have them both.

More Building

Talking to George and Mrs. Kelly who are presently living in Sacramento, but lived here and owned the Rainbow Cottages on Rainbow avenue in Kings Beach. Since selling they have not put in so much time here, but the good news to us is that they are building a beautiful home on Park Lane up the Brockway Hill. Maybe it will make them stay with us a little more. They want the Sierra Sun delivered from now on, good huh?

Travelers

Jay P. and Mrs. Hill of Kings Beach have just arrived home after a trip of 3500 miles, which took them to Denver where they visited the Royal Gorge, Grand Canyon and many other places of interest. They were gone about two weeks.

New Equipment

P. M. (Mac) Burroughs informed me that the North Fire Control, have put in an order for a big piece of equipment, which will probably be delivered around the beginning of December, at a cost of some $16,383. This promises to be the finest piece on the lake. The remainder of the information will have to come later when I get the full particulars of this advancement in the protection of persons and property of the area.

New Stock

Was in the North Shore Hardware today, and a finer stock I never did see. Jerry Gordon tells me that, with Mrs. Gordon, they have been to Los Angeles on a buying tour and he certainly is a buyer of the right goods. He visited the Lynn Starr Co. of Beverly Hills, the top people in ski clothing in the country.

Well Armed

Ileta Faulkner tells me she will have the cast off her left arm this week. The accident happened some weeks ago when she fell on the polished linoleum in her home, and I am ashamed to say I knew nothing about it till the cast is about to come off, but I can say we are very happy to know she is already to be herself again.

Home Soon

Up to the time of writing, Ned Malla has not returned home from St. Marys Hospital but it is hoped he will be by the time this goes to print. Visited him last week and found him doing very well, but a little weak.

Home

Mrs. Jimmie Chastain of Kings Beach, had about ten days in the Tahoe Forest Hospital, and has, after an operation, returned home today, Sunday. Jimmie says she is coming along just as well as can be expected, and is very cheerful and we are sure she will be as good as ever, or should I say better in no time at all. Cheer up, Millie. Millie says thanks to all for messages while in the hospital.

At College

Diana Abbott was up from San Jose last weekend, and the few hours she spent with her parents, etc., were wonderful. Diana is attending college and is in love with everything there. Good for you, Diana.

'MAGIC BARREL' IS FEATURE OF ROTARY

TAHOE CITY — Bob Yates, Standard Oil Company representative of Reno, entertained Rotarians at their October 4 dinner-meeting at Tahoe Inn last Tuesday night, with what he called his "magic barrel." From this barrel came numerous articles, from clothing to rope and freezing gases, and products made from crude oil known as Petro-chemical products. During his demonstration of making synthetic rubber Yates said that 70 per cent of the rubber used today is synthetic.

President Vernon Bartell presided, and introduced the speaker of the evening. At the conclusion of the demonstrations the president reminded members of the annual golf tournament being held here on Sunday, especially for Rotarians and their wives. He said the entry fee per couple would be $5 and that any member who does not attend will be fined the same amount. Steve Korich, tournament chairman, reported arrangements completed for the barbecue dinner following the golf game. He named Tony Donadio as in charge of tee-off.

TAHOE WEATHER REMAINS IDEAL

TAHOE CITY—With four gates open, the level of Lake Tahoe Monday stood at 6225,17 feet, Art Frodenberg, cooperative observor announced. A light rain with a few vagrant flakes of snow fell here Monday, otherwise the weather has been ideal, with temperatures ranging from 31 to 68 degrees.

TAHOE PTA WILL MEET OCTOBER 20

TAHOE CITY — Mrs. Edna Obexer will preside at the Thursday, October 20 meeting of the Parents and Teachers Association of Tahoe City, to convene at 2:30 o'clock in the Tahoe Lake School. Mrs. Robert Wray, chairman of publicity made the announcement this week.

Mrs. P. Patnoud, health nurse of the district's schools will show a film of interest to the members.

Back From Trip

Mr. and Mrs. Malcolm Fox of Squaw Valley returned here this week from a combined business and pleasure trip through coastland vicinities. On their way the Foxes stopped over at Hamilton Air Force Base long enough to enjoy dinner and a pleasant evening with A|1c Florence Vernon, daughter of Mr. and Mrs. C. W. Vernon of this city.

DuPONT HISTORY IS SHOWN AT ROTARY

KINGS BEACH — President Bill Randall conducted the regular meting the Brockway Rotary Club on Monday night at Crystal Bay Cafe.

Pete Bennett of the Tucson-Catalina Club was the only visiting Rotarian. Judge Harry Charrison and Supervisor Frank Paoli were club guests.

President Randall turned the meeting over to Program Chairman Henry Dodd who presented a film on the history of the DuPont family. The story told of estabilshment of the first gun powder factory and traced the history through the second wold war when many plants were erected for the government and millions of dollars were spent developing new materials for peace and war. The film was one of the most interesting of the many presented by Dodd during his years as program chairman.

JURY SELECTED IN AUTO WRECK CASE

NEVADA CITY—Selection of a jury was started to hear an action to determine if $100,000 should be awarded to Linda Benedetti, administratrix of the estate of A. S. Oppio and Catherine Oppio, by the Rumbley Company, for fatal injuries to the Oppios in an automobile collision on Highway 40 near Truckee, in September, 1951.

The defendant company and William Weaver, a driver, are charged with negligence in the collision which led to the death of the couple represented by the plaintiff.

TROUT PLANTING NEARING AN END

Planting of catchable trout for the 1955 season is virtually completed, withinly the tag end of the hatch to be distributed, the department of fish and game reported.

The season runs until October 31, but the bulk of catchable planting ended with the Labor Day weekend.

With planting activities soon over, egg-taking has gotten underway at Hot Creek Hatchery, Mono County; Mt. Whitney Hatchery, Inyo County; and Mt. Shasta Hatchery in Siskiyou County.

At Hot Creek some 12,000,000 fall spawn rainbow trout eggs will be taken by early December. Mt. Shasta will produce about 7,000,000 late fall spawning rainbow eyed eggs, and 7,000,000 spring spawning rainbow eggs will be taken at Mt. Whitney beginning in January.

Plans call for some 9,000,000 catchables to be planted next season.

GOVERNOR APPEALS TO TEEN-AGERS TO USE DRIVING CARE

SACRAMENTO (CNS) — Gov. Goodwin J. Knight, addressing the youth section of his annual traffic safety conference, appealed to California's teen-age drivers to cut down their skyrocketing traffic accident rate.

The governor pointed out that accidents involving teen-agers increased from 11,000 in 1952 to 26,557 last year, an increase of more than 250 per cent.

Knight noted that teen-age drivers during the two-year period were involved in 8 per cent of all accidents and 10 per cent of all fatal accidents.

"Teen-agers, the records show, are being involved in fatal traffic accidents at an increasing rate, and they are more apt to be the ones at fault when they are in accidents in which adults also are involved.

"Those are two basic facts on which you can base some of your deliberations at this conference.

"They are facts which all teen-agers must face."

Knight said California was rated among the second best in a recent survey of driver education and training in public and private high schools. He called for improvement of the quality of driver instruction, noting that trained drivers have had fewer traffic accidents than those with no training.

Earlier in the conference, the governor called for united efforts of auto designers and highway designers in eliminating accident hazards and increasing passenger safety.

He called upon judges to impose stiffer penalties on drivers cited for major traffic violations.

REPORTS MONEY MISSING

Mrs. Walter J. Curry of Granada Hills, whose husband expired following a stroke while vacationing at Lake Tahoe, informed the Reno police that $90 had possibly been stolen from Curry's wallet. She said she had left the money with him the day before his death in a Reno hospital.

PROSPECTS CONTINUE GOOD FOR HUNTING

Continuing the trend of opening weekend, the Sierra deer season prospects continue excellent, with latest returns more than 10 per cent above the record 1954 year, the department of fish and game reported.

Tag returns as of the tenth day of the season showed a bag of 14,794 bucks compared to 13,386 for the same day last year.

Although the current season is running ahead of the record 1954 hunt, returns were spotty, with tag returns delayed in some cases.

Major deer counties such as Alpline, ElDorado, Lassen, Modoc, Shasta, Siskiyou and San Diego were running well ahead of their last year's totals.

Some of the areas which normally are late season producers have yet to be heard from.

Overalls, the combined coastal and Sierra totals are running only 46 bucks behind the record 1954 year, and the coastal returns, which lagged so badly in early season tabulations, are only 1500 behind last year.

Tahoe Items

Mr. and Mrs. Don Rich, formerly of Bliss Park have written from their new home at G. J. Hatfield State Park at Newman that they enjoy the surroundings. Oak trees have replaced the pines and the weather is quite hot, in contrast to the cooling mountains.

Mr. and Mrs. Snowden Burch have once more left Kings Beach to spend the winter at Palm Springs.

Leaving Tahoe City for other places this week are Mr. and Mrs. Victor Wikander, going to Oakland, the A. J. Rodriques to Auburn, Hank Slade has left again for Cathedral City to stay until next May. George Chambers of Chambers Lodge will spend the winter at San Leandro.

Joe Ross of the Trade Winds at Kings Beach announced before leaving for San Francisco that he will re-open the popular eating place on New Year's Eve and will be associated with Mr. and Mrs. George Ridgway, well known in the lake district.

CLOTHING DRIVE PLANNED BY CLUB

TAHOE CITY—The Women's Club of Tahoe City is sponsoring another clothing drive for Korean missions and orphanges. Clothing for men, women and children is sorely needed and everyone is asked to contribute generously. The clothing must be clean and wearable and no high heeled shoes are wanted.

Boxes for deposits will be placed in the Village Store, Jack and Dinty's and Kehoe's.

AUBURN — Danny Parker of Carnelian Bay, Lake Tahoe, was granted probation by Judge Lowell Sparks on a charge of issuing a fictitious check.

A very important man

As the General Petroleum wholesale agent at Lake Tahoe, Jack Miller is one of the most important men in the complex organization required to make our Mobilgas, Mobiloil and other Mobil products available anywhere all of the time. Mr. Miller is in business for himself. Among his principal customers are the 400 Mobilgas dealers in the Lake Tahoe area who also are in business for themselves.

To prosper in this highly competitive oil business, Mr. Miller and the Moligas dealer have to sell fine products with fast and friendly service. Just as we take pride in our Mobil products, we also take pride in the manner in which they are sold to you.

Many of these independent members of the Mobil family are active in community affairs. They know that much of the growth and development of the Lake area depends on them as local businessmen and citizens just as we know that much of the progress of our company and our industry depends upon them as oil men.

During this nationally observed Oil Progress Week, we would like here to pay our compliments to Mr. Miller and the Mobilgas dealers for the fine job they are doing for the people of the Lake Tahoe area and for us.

Tahoe-Truckee School District News

KINGS BEACH SCHOOL

Kindergarten-First: The house we are building has made considerable progress this week.

We are very much enjoying the new set of rhythm instruments that our school received this week.

Wendy Howell brought some beautiful sea shells for our chass to enjoy.

Second and Third Grades: Alton Clother announced the arrival of his half sister, Wednesday. She will be named Georgeann, after her daddy, George Brazil.

We wrote letters to Mrs. Howard this week. We have been studying the postoffice unit and we asked her permission to visit the Kings Beach postoffice.

Allen Davidson left our third grade this week to return to Reno. The Robert twins, Judy and Jill, left for their Petaluma home. They plan to return in March.

Maria Sturtevant is our new second grader. We welcome her to our classroom.

Miss Foresta McGouran, supervisor from the superintendent of schools office, visited our school and watched us work on Monday.

TAHOE LAKE SCHOOL

Kindergarten and First Grade: The kindergartners and first graders are planning their decorations for the Halloween month. Jack-O-Lanterns of all sizes were this week's theme.

The following first graders are finishing the last of the Reading Readiness books and starting in their pre-primers this week: Chris Beavers, Tommy Barr, Jimmy Bechdolt, Barbara Broyles, John Carnell, Armen Abrahamian, Marcia Esmond, Rae Lee Grahn, Vicki Jones, and Jon Kehley.

Third and Fourth Grades: The third and fourth grades are making group booklets on transportation. We have learned the "language" of the railroad and the fast development in airplanes.

Fifth and Sixth Grades: Our class is making maps of South America. Some of the pupils are illustrating their maps according to physical characteristics, some are drawing the products and industries, while other children are showing the climatic conditions.

Following our study of the dinosaurs the class is doing intensive research on the solar system. Vic Sartor has brought several magazines to school to help his committee answer their questions. Wayne Poulson has contributed a very up-to-date publication which has helped his committee investigate how the solar system might have come into being. Mrs. Roberson brought several of her books which the various committees have been putting to good use. Mike Marvin is making a chart using black paper for the background and colored paper to represent the sun and its planets.

DONNER TRAIL

Candy Board brought her records of Peter and the Wolf, and for music we listened to the many instruments play the parts of animals and people. From the film The Great Waltz we learned how the early dance the waltz started. We learned something of the composer too.

In our unit, the Industrial America, we plan to listen to a record of the early day making of the first transcontinental railroad.

TRUCKEE ELEMENTARY

Kindergarten: We have been talking about hands that are happy hands, in other words hands that do not hit other people.

Easel paintings of the following boys and girls are on display in our room: Diane Daly, Michael Kydd, Bill Cardinal, Susan Schuler and Raul Hernandez.

First Grade: The first grade has been talking about the seasons. The children have been looking for caterpillars and cocoons but so far have not found any. Many kinds of seeds have been found. The pupils are learning about the many ways seeds are carried.

Karen Hedlund has been absent because of visiting relatives.

Second Grade: We have an attractive flower collection displayed in our room as one of our science projects. Anne Morey, Dawn Maynard, Alexandra Cushing, Fosten Wilson and Julie Knoff brought flowers which we pressed then mounted on cotton background.

Spring pictures of gay flowers and bunnies were drawn by Sherry Borden, Eileen Olson and Fosten Wilson. Summer pictures depicting apple trees, butterflies and summer activities were made by Claudia Ayala, Diana Pankoke, Dawn Maynard and Dennis Stevens. Autumn pictures with frisky squirrels busily gathering nuts, autumn leaves falling in colorful profusion and birds flying south were drawn by Sandra Carter, Candy Hamilton, Monty Straub, Alexndra Cushing, Debbie Ellis and Anne Morey.

Winter activities, riding on sleds, snowball battles as well as energetic shoveling were themes of that busy season drawn by Randy Russell, Courtney Lewis and Larry Digesti.

Third Grade: Dressing to fit the weather, eating well balanced meals and getting proper rest have been our health study.

Eddie King and Marcia Leamon gave a report of 'The Chinese Princess and Her Silk Dress." Along with finding out the many surprising things about the silkworm, we learned how very considerate and polite the Chinese children are to their parents, brothers and sisters.

Fourth Grade: Fourth graders, we were told by our school nurse, need ten hours sleep every night for good health.

The class has brought in specimens of different kinds of rock for a class rock collection. Jamie Hamilton brought in sulphur crystal; Jim Pagliaro brought in couper; slate and lava were brought in by Jim Randall.

Fifth Grade: In our social studies work we have been discussing pioneers and pioneering.

We have been discussing how a jet engine works and how a rocket engine works. We have discovered that a rocket does not need the atmosphere to push against in order to move. It is like two children floating in a pond; if they put their feet together and push, they will move away from each other. In a rocket, the hot gases rushing out of the engine push against the rocket ship just exactly as hard as they are being pushed out of the engine; so the rocket ship will move through space just as fas as the hot gases shoot out of it.

Sixth Grade: Pamela Freeman gave us a good description of why it rained this week during a report she prepared for social studies.

Through a discussion on the care of teeth methods and diet were pointed out, which resulted incharts on good foods for well-balanced meals by Linda Giovannoni, Dorette Rose, Vickie Firpo and Pat Freeman.

Last week Dorette Rose played several selections on her flute as part of the music appreciation period.

HIGH SCHOOL

Conferences are the highlights of this week's busy schedule at Tahoe-Truckee High School. On Saturday, October 15, the annual YMCA Youth Conference will convene at the high school, Almost forty schools from the Sacramento area will attend. Panels, discussion groups, meals, and registration have been planned jointly by Tahoe-Truckee and Nevada Union High Schools.

On October 15, those girls who are interested in taking a physical education major or minor in college will travel to Reno to take part in a play day which has been planned by the University of Nevada.

Last Friday, the girls who have been trying out for songleaders voted among themselves to choose the four girls to fill the positions for this year. Anita Antillon is the new head songleader with Jacquie Abbott, Virginia Speeter, and Joyce Hallett as her assistants.

Tuesday night, the annual staff presented the 1956 chipmunk to the board of trustees. Jude Commargere outlined the layout of the book and Linda Loynd discussed finances.

DAUGHTER OF C. F. McGLASHAN DIES AT BAY AREA HOME

BBERKELEY—Funeral services were held Monday for Mrs. June L. Kelley, daughter of a early day California publisher, and one of the first women admitted to practice law before the state supreme court.

Mrs. Kelley died in her San Francisco home Saturday after a long illness. She was 75.

Born in Santa Cruz, she was the daughter of C. F. McGlashan, editor and publisher of the Truckee Republican.

McGlashan also was a lawyer. He took his daughter into practice with him after she received her degree in 1903 at Hastings College of Law. In 1904, she became the third woman lawyer admitted to practice before the state supreme court.

In 1919, she married Dr. George F. Kelley, a dentist and lawyer, with whom she conducted a law partnership in Truckee until 1919. Then they moved to San Francisco, where Kelley devoted full time to the dental practice he still maintains and Mrs. Kelley gave up her law career to be a housewife.

Their son, Dr. Douglas Kelley, is a University of California psychiatrist and professor of criminology.

TAHOE MATRON IS FETED AT PARTY

TAHOE CITY—Mrs. Zella Mortimer who is leaving Tahoe City for southern California to spend the winter, was hostess at a going away luncheon given at Smart's on Tuesday afternoon. Cards occupied the guests in the attractive dining room following the repast.

Those sharing the enjoyable affair included Mesdames Alma Guth, Millie Mead, Gladys Anderson, Meryl Rose, Ann Martin, Stella Watson, Anne Dugdale and A. A. Snyder.

HEALTH CLINIC

KINGS BEACH—A child health conference will be held at Carpenters Hall, Kings Beach, at 1 p.m., October 20, under the auspices of the Placer County Health Department.

Your children visit a new world each week

Each Thursday, teacher turns a knob and the class enters a new world—a world many are visiting for the first time via the Standard School Broadcast.

Since 1928, this program has introduced man's musical hertiage to Western children. Now playing for its second generation, the Standard School Broadcast is probably the biggest "classroom" in history. It has an audience of nearly 1,500,000 listeners throughout the West, Alaska and Hawaii . . . students in 54,000 classrooms and adult listeners at home.

They hear a symphony orchestra, a dramatic cast, choral groups and guest artists. Standard provides Teacher's Manuals as program listening guides.

Goal of the School Broadcast is to help listeners gain an absorbing new interest in music, and—through music—a broader knowledge and understanding of the world around them. We suggest that you listen in at home to enjoy the world's best music and to gain one more link with your childrens' interests. TUNE IN every Thursday . . . check your newspapers for time and station.

NEWS NOTES FROM TAHOE

by Ethel Joslin Vernon

The quiet, peaceful days have rolled around once more to bring to busy Tahoe the autumn season. And a very unusually beautiful autumn it is this year. Already three weeks of perfect weather, with only a few crisp early mornings and not even enough frost to brighten the leaves on the the lakeshore commons so far. But on the slopes on the higher ranges, which can be clearly seen in the crystal air these days, there are patches of orange and gold, showing that October is beginning to paint the alder and willow thickets in the high places.

Resorts Closed

On a trip around the lake on the weekend we found that just about all the resorts beyond Kings Beach are closed for the winter except for the night clubs. Some of them are closing long enough for repairs and renovation, with plans for opening again in December. The lake-circle highway completely around the lake is mostly in excellent condition. There are a few places on the road between Meeks Bay's southern point and the South End Y, where some road repairs and resurfacing is being done, but no real roadblocks. Along the south-eastern and north-eastern shores of the broad stretches of perfect highway—50 show the exceptional work and care the department of highways spend on their roads—especially the Nevada department.

"California A-flame"

Mailed out by the U. S. Forest Service during the past week, to all correspondents and publicity heads in the state, is a pamphlet titled "California A-flame," which should be read by everybody, especially by those living among the forests or spending part of their time in wild country fishing or hunting. The pamphlet explains the "when, how and why" of all the terrible forest fires which swept California during the past two or three months.

Golf Tournament

The annual Rotarian golf tournament was played on the Tahoe City golf course on Sunday with perfect weather conditions prevailing Eighty members, wives and guests thronged the sunny greens throughout the day, and all took part in the exciting game which was played off without a hitch. Bill Bechdolt and Bernice Giannini shared first prize, men's and women's, and several lesser awards were won by various Rotarians. Bob Tonini was chef at the late afternoon barbecue dinner, and it was generally proclaimed the best outdoor feast dished out here in some time.

Back From Trip

Alfred Sanford, manager-owner of the Town and Country Lodge on Highway 89, just south of here, returned during the past week from an extended hunting trip amoung the mountains of British Columbia, bringing with him trophies and meat from a profitable hunt. His son, Ronald, was with him on the trip, and between them the father and son bagged two large moose and one young elk. The larger moose, shot by Sanford, is said to have weighed 1250 pounds, while the second one which fell to the marksmanship of his son, weighed 900 pounds. The trophies from each of the three animals consisted of prime fur and a large spread of perfect antlers. The Sanford family left on Saturday for Las Vegas where Sanford is engaged in the jewelry business for a good part of the year.

Buys Real Estate

Dr. Stuart Dingwall, local veterinarian, with summer home and offices on the Truckee River highway near here, has recently invested in four other valuable pieces of real estate in this locality. In the early summer Dingwall sold out his lately acquired holdings on the R. M. Watson estate and later purchased the section of land at the southern end of the Tahoe City golf course where the historic narrow gauge dining car was parked for so many years. During the past month he has purchased the three other properties—the old Bickford home on Front street near the Highway Y, the former Howard S. Durbin home on Tahoe Terrace, and the Bennett property, a small lot on the Cliffs in Tahoe City, which would be very suitable as a business site.

Has New Home

We visited Annie Soll at her Tahoe Pines home during the past week just in time to go with her to her new home which is on the verge of completion on the highway edge of the upper Lake Forest tract. The new place is a beautiful five-room dwelling, all on the ground floor, completely modern and with every built-in convenience and comfort immaginable. Mrs. Soll plans to enjoy the comforts of the new home through the coming winter. She plans to put the Tahoe Pines property on sale next spring.

Wikanders Return

Mr. and Mrs. Victor Wikander, old-time Tahoites who have been back country dwellers through the summer months here for many years past, arrived in town on the weekend from their little high home on the Island at Buck Island Lake. Buck Island is between 15 and 18 miles west of Lake Tahoe in the heart of the beautiful Rubicon wilderness area. The Wikanders spent the past four months in their well stocked cottage on the Island, enjoying leisurely trips from there to the countless upper lakes and scenic mountain tops of that vast and wonderful region. Perfect weather conditions prevailed throughout the whole four months, except for a couple of light storms in late September. Victor said that during the past week he seemed to feel the approach of wintry storms not too far in the offing, so the pair closed the little high home for another season and took the trail down the canyon-ways to Tahoe.

Green Visits

Matt Green, an old-time Tahoe resident who has now resided in Sacramento for several years past, was a visitor here during the past week. After attending to business matters in Reno, Green spent a short time visiting old friends about the lake shore. He said that Glen Greene, another former Tahoe resident and one-time Tahoe Tavern manager, is now managing Matt's own hotel, the Hotel California, at Sacramento. Many friends here were sorry to hear at this time that Mrs. Green recently suffered a severe injury to her shoulder when she took a violent fall in her Sacramento home.

Back to Piedmont

Mr. and Mrs. Bert Scott, Tahoe residents for many years past, whose summer home at Tahoe Park was one of the first to be built in that vicinity, closed their lakeshore place last week for the season and moved to their winter place in Piedmont. Their large home at 456 Wildwood avenue in Piedmont was the scene of joyous festivities on the evening of Monday, October 17, Monday being the date of their golden wedding anniversary.

New Drug Store

Jay Shontz, Tahoe City druggist, has recently acquired ownership of a second business establishment in a growing community near Reno, a new subdivision called Westfield Village. Shontz has named his new store there the Village Drug. However, it seems that he has decided to spend the most of his own time in his Tahoe City business, and it is reported that he has engaged Frank Titus from Truckee to manage the Nevada place for him.

Ski Club Meets

The Squaw Valley-Lake Tahoe Ski Club held its first meeting for this season in the Community Center Hall here on last Wednesday evening. The meeting was presumably for the purpose of getting lined up on the coming election of officers for the ensuing term, and discussion of new business pertaining to preparations for the coming Olympic games.

Relatives Visit

During the past week visitors in the C. W. Vernon home in Tahoe City included the following relatives from southern California: Mrs. Hazel Vernon, her son, Stoddard and grandson, Marshall and a younger son and wife, Mr. and Mrs. Alvin Vernon. The two sons who were Tahoe residents through their early childhood, returned at this time to enjoy a deer hunt in their old home back country.

Returns South

Mrs. Celeste Daniels, sister of Mrs. Marie Henry of this city, who spent the past summer in the Henry home here, left for her home in Las Vegas last Wednesday. On Friday evening she telephoned her sister of her safe arrival there, and said that the extreme summer heat of that locality had now definitely abated.

Visits Son

Mrs. Diamanta Vanni, an old-time Tahoe resident whose present winter home is in the bay area, has been visiting through the Indian summer season at the Tahoe City home of her son and wife, Mr. and Mrs. Pete Vanni, and enjoying her two small granddaughters.

Governor Issues Call For Citizen Support To Curb Highway Toll

SACRAMENTO (CNS) — Gov. Goodwin J. Knight has called upon all law enforcement officials and private citizens to take part in an all-out effort to prevent traffic accidents which he said have reached "epidemic proportions."

Knight pointed out the death toll for the first eight months of this year is almost 10 per cent above the same period last year, with "the most dangerous months still to come."

At the same time the governor announced appointment of Robert Mitchell, Los Angeles civic leader, as general chairman of the 1955 Traffic Safety Conference to be held in Sacramento, October 5-7.

Knight charged his official traffic safety committee with responsibility in conducting the statewide campaign.

The governor declared:

These state officials cannot do the job alone. Every local official also has a part to play, for safety knows no city or county boundary lines.

"I am therefore appealing to every mayor, every county supervisor, every chief of police, and every court judge to exert the fullest possible effort to reduce accidents in their areas.

"Newspapers, radio and television broadcasters and other public information media have been strong supporters of safety. We are now appealing to them for even greater efforts in keeping the public aware of traffic dangers.

"I am asking safety councils, safety committees, civic groups, women's clubs and other organizations to accept responsibility for work within their fields of operation.

"The traffic death toll is nearing epidemic proportions and actions must be taken to halt it."

BASIC SAFETY RULES FOR HUNTING CITED

With thousands of deer hunters in the field these days, it is more important than everto observe the basic tenets of gun safety, Fish and Game Director Seth Gordon warned today.

Foremost among these is: Look before you shoot, and identify your target as legal game.

Gordon pointed out that there have been several hunting casualties this season and all could have been averted by common sense and strict observance of the rules of gun safety.

He pointed out that the law provides for revocation for life of the hunting license of anyone who wounds or kills a human while hunting.

During opening day more than the usual number of road hunters were noted, he pointed out. Carrying a loaded gun in a car is not only an invitation to a casualty, but is strictly illegal under state law.

He added that hunters should take especial care of their deer, reminding that an we law makes it illegal to waste deer meat.

In another admonition to hunters, the director said:

"While rains have eased the fire situation somewhat, there still remains a definite threat of forest fires. Help keep our wildlands and wildlife by dousing that campfire, and using your ashtray.

"Leaving a clean camp is the mark of a real outdoorsman. On privately owned land, a clean camp may be the difference between being invited back next year, or having posted land."

Respect for private property while hunting is the best guarantee that the deer hunter will continue to have ample hunting space, the director concluded.

TWO PATROLMEN ARE CITED FOR BRAVERY

Two officers of the Roseville area of the California Highway Patrol, Patrolmen Lyle D. Tice and John H. Stinton, have received special citations from the department for heroism.

Both menare well known here as Tice patrols this area frequently.

The citations were awarded for extraordinary acts of heroism in rescuing an elderly person from a burning residence just west of Baxter last December.

Officer Tice, while on routine patrol, received a call from Officer Stinton requesting fire fighting equipment be sent to the Wortell home, a landmark in the area. Tice made the necessary notifications and went to the scene. Without regard for his own safety, he rushed into the burning house and attempted to hold back the fire with water obtained from a laundry tray.

Unable to combat the fire because of failing water pressure, Tice went to the aid of Stinton who was struggling with one of the victims who, in hysteria, had reentered the house. Just as the officers succeeded in getting the woman to safety, the roof collapsed.

Tice received burns on his hands and face. It was certain that one of the victims would have perished in the fire had it not been for theefforts of the officers.

The citations were issued by Commissioner B. R. Caldwell at Sacramento recently.

Safety Belt Regulation In Hands Of Patrol

A new law which recently went into effect in California regulates the sale of safety belts designed for the protection of occupants of vehicles. Under the new law, the belts must be approved by the California Highway Patrol before being sold.

It is required that the standards established shall not be less than those applied by the Civil Aeronautics Authority.

Commissioner B. R. Caldwell has issued a notice the patrol intends to adopt safety belt regulations.

GOOD ADVISE

Dee Froneberger of Lawton, Okla., who has driven more than 900,000 miles in 23 years through heavy traffic without an accident or even having a fender scratched on his busy bus, offers this advise to all motorists: "Don't talk — watch the road."

Brown Explains State Tuition For Out-of-Stater

SACRAMENTO (CNS)—Attorney General Edmund G. Brown issued an opinion clarifying payment of tuition fees by students from other states who enroll in California state colleges.

The 1955 legislature passed a law setting the tuition fee for such students at $180 a year.

Brown held that an academic year consists of two semesters and that out-of-state students should pay tuition at the rate of $90 a semester. He added that fees of students not carrying a full academic load should be reduced proportionately.

Roy E. Simpson, state superintendent of public instruction, requested the opinion.

Brown said the amounts and schedule of tuition payments should be determined by Simpson.

The attorney general held that the state superintendent may refund fees to nonresident students if they fail to complete their courses. He said students who become residents during an academic year are not entitled to refunds.

License Question

SACRAMENTO (CNS) — The question of whether regulation and licensing of maintenance gardeners should be undertaken by the state will be discussed at a sub-committee meeting of the assembly interim committee on governmental efficiency and economy, James L. Holmes, chairman of the sub-committee, announced. A hearing will be held October 26 in the state building, San Francisco.

Six Accidents In Area During Week

Six motor vehicle accidents resulting in seven people being sent to the Tahoe Forest Hospital for treatment and in two arrests for drunk driving were reported by the California Highway Patrol during the weekend.

Saturday at 9:15 p.m. Mrs. Clarence M. Pearson of Oakland was hurt when a car driven by her husband, Clarence M., was apparently forced off the highway four miles north of here on Highway 89, went through a fence and struck a rock.

On a complaint signed by Vernon Delaney of Del Paso Heights, who said he was forced from the road by the same car probably caused the Pearson accident. Joseph Haughney, 23, of Truckee was arrested by Patrolman Carroll Maynard on a drunk driving charge.

Ralph Edwards, 54, San Francisco, was also arrested on a drunk driving charge after the car he was driving east crashed into one operated by Kenneth L. Hale, 46, Alhambra, three miles east of Truckee. Injured in the accident were Mrs. LaVaugn Hale, Georgia Graham, 18, Thomas Graham, and Ellen Johnston, 35, the latter three occupants of the Edwards car.

Maynard said the Hale car had stopped for a flagman and that the Edwards car ran into its rear.

Bruce King, 46, Eureka, was cited for speedng after an accident near Kiski Lodge on Donner Summit Saturday at 6 p.m. The King car hit the rear of one operated by Allan Korn, 34, San Francisco, who had stopped in a traffic line. Bertha Korn, 31, Montreal, Canada, suffered injuries.

Lewis McVey, 46, Norden, was cited for failure to yield right of way when he backed his car from a driveway at Norden Sunday and it was struck by a car driven by Bernice Lynd Abraham, 25, Alamo. Paula Schulte, Walnut Creek and Mrs. Abraham were taken to the hospital by Truckee ambulance.

Ronald Watson, 55, Yuba City, escaped injury but was cited for speeding after his car crossed the center line near Hirschdale and crashed into a truck and trailer driven by Jack J. Reynolds of North Sacramento Sunday at 1:10 p.m.

James E. Thornton, 52, Sacramento, was charged with speeding after his car came over a crest too fast seven miles east of here and crashed into a bridge. The driver was not injured.

Daughter for Baysingers

A clever announcement told local friends of Mr. and Mrs. Lew Baysinger of San Rafael of the arrival on October 7 of a daughter.

Lorene Teresa weighed a buxom 8 pounds, 10 ounces at birth. The family is well known here where Baysinger was manager for the Stockton Box Company prior to his transfer to the bay district.

CHURCH NOTES

Sunday Rev. Osman continues his series on the Gospel of Good News by speaking on the "Good News of Eternity." All Protestants are urged to take this opportunity to worship on the Sabbath.

Monday evening, October 17th the Methodist Youth Fellowship will install its new officers for this year. The evening will begin with a dinner at 6:30 p.m. All parents are urged to attend.

Next Wednesday, October 19 the regular meeting of the Women's Society of Christian Service will take place at 1:30 p.m. at which time a film will be shown followed by a discussion led by Rev. Osman. The film and discussion will attempt to deal with how individuals in groups can grow to understand one another to the point of developing a Christian community.

Grahams at Silver Creek—
Mr. and Mrs. G. E. Graham of Berkeley and their son and daughter-in-law of Sacramento have been at their summer home on Silver Creek, closing the place for the winter.

Visitor From Richmond—
Al Ledgerwood of Richmond was a local visitor this week.

Birth Dates Observed—
Everett O'Rourke celebrated his birth date on October 9, Robert Leamon had a family party on October 11 in honor of his birth aniversary. Columbus Day was a double holiday for James Walker, his birth day. Mrs. E. A. Parker observed her birth date on the 3rd of this month.

Fixes Property—
Anton Filipcic left for Sacramento Tuesday after two weeks spent here renovating his property.

At Hospital—
Robert Pinnell of Tahoe City is a patient at the Tahoe Forest Hospital this week. Floyd Fuson, employed at the Sugar Bowl on Donner Summit, also is a local patient, as is Mrs. Helen Puzo of Donner Lake.

From Ranch to Roseville—
Mr. and Mrs. Valerio Arraiz who spent the summer on their ranch are returning to Roseville.

Wedding Anniversary—
Mr. and Mrs. Earl Stice celebrated their wedding date, Tuesday, of this week.

Payens in Folsom—
Mr. and Mrs. E. E. Payen who were at their ranch in Sardine Valley are at Folsom.

Go South—
Mr. and Mrs. Martin H. Johnson have left Donner Lake for their winter home in San Diego.

In Loomis—
Mrs. Walter Bigelow has left here to make her home in Loomis.

Stokes to Travel—
Mrs. and Mrs. Art Stokes planned to leave Truckee this week for an extended tour during the winter months.

Hoak Here—
Albert Hoak of Nevada City was a local visitor on Monday. He reported that Mrs. Jack Noonan, also a former Truckee resident sent greetings to her friends here.

On Vacation—
Mrs. Elizabeth Bavier, is on vacation from her position as postmaster and visiting points of interest in the Sacramento Valley.

GLENN GREENE NOW AT CALIFORNIAN

Matt Green of Sacramento and former owner of Tahoe Tavern at Tahoe City announced that Glenn Greene who was manager of the lake establishment is the present manager of the Hotel Californian in the capital city, also owned by Matt Green.

Redecorating and new carpeting is being completed in the Californian at the cost of more than $50,000.

Both men are well known throughout this area and are looking forward to seeing local friends in Sacramento.

CARD OF THANKS

We take this means of conveying to our many friends throughout the district our sincere thanks for the many kindnesses shown us during our recent bereavement.
Mr. and Mrs. Ray Ehlers

CARD OF THANKS

We would like to express our sincere appreciation to our many friends and neighbors who were so kind and considerate during our recent bereavement.
Mrs. Mary Sassarini and Family

Mr. and Mrs. O. J. Rablin returned to Roseville this week, following several weeks here.

Robert Saunders is on vacation from his position as manager of the Bank of America.

Good Bye....

ALL YOU NICE PEOPLE

Tarzan

by EDGAR RICE BURROUGHS

TARZAN, TANTOR AND AN ARMY OF DETERMINED BABOONS SILENTLY CLOSED IN ON THE VILLAGE WHERE TAWNI WAS TAKEN CAPTIVE.

SWIFT, RELENTLESS, TERRIBLE, THE APE-MAN AND HIS SAVAGE HORDE SWEPT INTO THE NATIVE VILLAGE; ALL RESISTANCE CRUMBLED BEFORE THEIR DEVASTATING ATTACK!

TARZAN SOON SEIZED A FRIGHTENED WARRIOR, GROWLING, "THE GIRL--?" THE MAN SPUTTERED. "SHE IS GONE-- A WHITE TRAPPER-- BOUGHT HER--"

FURIOUS, TARZAN RECALLED TANTOR FOR A JUNGLE SEARCH-- BUT WHEN THE LUMBERING PACHYDERM PROVED TOO SLOW HE TOOK TO THE TREES.

DICK VAN BUREN & JOHN CELARDO

—Copr. 1935, Edgar Rice Burroughs, Inc.—Tm. Reg. U.S. Pat. Off.
Distr. by United Feature Syndicate, Inc.

HE RAPIDLY FOLLOWED THE SPOOR OF THE FUGITIVES AND FOUND THEM STUMBLING THROUGH THE BUSH.

THUS, WITH A CHALLENGING ROAR, HE LEAPED DOWN UPON THE STARTLED TRADER MAXWELL!

ABBIE an' SLATS by RAEBURN VAN BUREN

THE (GASP) BRIDGE IS ON FIRE!!

WE'LL ALL BE-- TRAPPED!

WELL, (KOFF! KOFF!) OLD PAL-- THERE AIN'T NO SENSE IN YOUR LEAVIN' ME NOW-- WE'RE BOTH PRACTICALLY A COUPLE (CHOKE) O' COOKED MACKEREL ANYHOW!

DESERTIN' YOUR OLD BUDDY UNDER FIRE! WHAT A FAIR WEATHER PAL YOU TURNED OUT T'BE!

I'LL BE BLARSTED IF THAT LOVABLE LI'L VARMINT AIN'T MADE A HUMAN BRIDGE OUT O' HISSELF!!

AND SO, FAR INTO THE NIGHT, IRVING PATIENTLY BRIDGES THE RIVER UNTIL THE LAST PERSON HAS WALKED TO SAFETY--

GROGGINS-- I WANT YOU TO PERSONALLY (CHOKE) CONVEY TO IRVING OUR THANKS AND APOLOGIES FOR EVER WANTING HIM RUN OUT O' CRABTREE CORNERS. FROM NOW ON, HE'S HONORARY MAYOR OF THIS TOWN-- OR (SOB) WHAT'S LEFT OF IT!

YOU HEAR THAT, IRVING! WHERE'D HE GO?

HE'S (CHOKE) GONE!!

WHEN YOU HURT A DINOSAUR'S FEELIN'S-- YOU'RE DAMAGING A WHOLE HUNK O' NERVES! I GUESS IRVING'S FIGURED THE BEST PLACE FOR DINOSAURS IS WITH OTHER DINOSAURS. S'LONG, LI'L PAL!

THAT MUST BE PHIL NOW.

OH, PHIL, I LOVE THE NEW DRAPES YOU BOUGHT ME.

SURE, BLACK AND WHITE

AND A LI'L BIRTHDAY GIFT.

A BLACK AND WHITE VANITY CASE

SURE, I KNOW THAT'S YOUR FAVORITE COLOR COMBINATION.

AND YOU RENTED THAT SPORTS CAR FOR OUR PICNIC?

YEP, A BLACK AND WHITE ONE.

HERE'S A GOOD SPOT-- YOU FIX THE LUNCH WHILE I GET SOME SPRING WATER.

OKAY.

PHIL'S SO THOUGHTFUL-- BRINGING ME EVERYTHING IN BLACK AND WHITE

WHAT WON'T HE THINK OF NEXT?

EEEEK

?

STRANGE as it seems

ELSIE HIX ®

CAN YOU NAME AN OBJECT WHICH YOU CAN SHOW A FRIEND, WHICH NEITHER YOU NOR HE HAS SEEN BEFORE AND WHICH NEITHER OF YOU WILL EVER SEE AGAIN ?

Answer: the kernel of a nut which you eat after taking it from the shell...

ST. PAUL'S METHODIST CHURCH IN STEVENS POINT, WIS., HAS A STAINED GLASS MEMORIAL WINDOW DEPICTING OLD-TIME LOCOMOTIVE No. 28- GIFT OF LOCAL RAILROADERS WHEN THE CHURCH WAS BUILT IN 1889!

POKER CHIPS THAT WERE WORTH A FORTUNE--

BRAZIL'S VAST DIAMOND RESOURCES WERE *DISCOVERED IN A POKER GAME...*

BRAZILIAN GOLD MINERS, NOT KNOWING THEIR VALUE, USED THE SPARKLING PEBBLES AS POKER CHIPS..

A STRANGER WHO HAD JOINED THE CARD PLAYERS RECOGNIZED THE "CHIPS" AS DIAMONDS AND A WILD SCRAMBLE FOR THE GEMS FOLLOWED... -Tijuca, about 1725-.

10-16

THE CEILING OF THE SISTINE CHAPEL WAS PAINTED BY MICHELANGELO WHILE *LYING ON HIS BACK!*

IT TAKES AN ACT OF CONGRESS TO CHANGE THE DESIGN ON A U.S. COIN OFTENER THAN *ONCE* IN 25 YEARS ...

THE UMBRELLA BIRD CAN LOWER AND SPREAD HIS CREST UNTIL IT HIDES HIS EYES AND MOST OF HIS BEAK...

THICK PAPER IS PASTED ON THE INTERIOR SIDE OF THE KNOT OF THE JAPANESE BRIDAL HAIRDRESS TO GIVE IT THE DESIRED SHAPE...

CURLY KAYOE ®

by SAM LEFF-

I HAD AN EXCITING TIME HERE IN AFRICA!

WE SHALL MISS YOU, CURLY, M' BOY!

IF YOU KEPT YER BLINKIN' EYES OPEN CURLY WOULDN'T 'A' GOT THE JUMP ON ME!

OWW! NOT IN THE NECK, CAP'N SYKES!

WHEN DO WE LEAVE FOR THE STATES?

I'M SORRY, SIR- ALL OUR PLANES HAVE BEEN GROUNDED FOR THE COMING WEEK!

TOO BAD, M' LAD!

OH, DAD- LET'S INVITE CURLY TO JOIN US ON OUR TREASURE HUNT.

WELL- I'M STUCK HERE AND IT SOUNDS INTERESTING... LET'S GO!

WHAT'S ALL THIS GEAR FOR, HARRIET?

THAT'S AN AQUALUNG. I'M GOING TO SKIN DIVE FOR THE SUNKEN TREASURE!

WE'LL BE GONE FOR A FEW DAYS. LOOK AFTER THE CAMP!

YES, SIR- LEAVE EVERYTHING TO OLD BEN!

HOW DO YOU KNOW WHERE TO LOOK FOR THE TREASURE, HUNTER HORN?

I BOUGHT A MAP FROM AN OLD SAILOR!

HE CLAIMED THERE'S **A BILLION IN BULLION** LAYING ON THE OCEAN FLOOR!

HEE-HEE! SQUEEZE HARDER, CAP'N SYKES. MAKE OL' BEN'S FACE TURN PURPLE!

YA BETTER START TALKIN' *NOW!*

(GASP- GASP) I'LL T-TELL YOU... HUNTER HORN WENT OUT TO PIRATE'S REEF TO DIVE FOR G-GOLD! *(GULP)*
